Speed to win — Long term

HOW WE WORK

Four parts. One engine.

Reach
Short, honest emails to the right people.

Book
We answer replies and fill your calendar.

Partner
Meetings become people who send buyers.

Improve
Every week we fix what isn't working.

> **One partner who sends a buyer every two months beats ten lucky replies.**

DAYS 1 TO 20

We build it by hand. Day by day.

Keep scrolling. Watch the days go by.

DAY
20
of 20

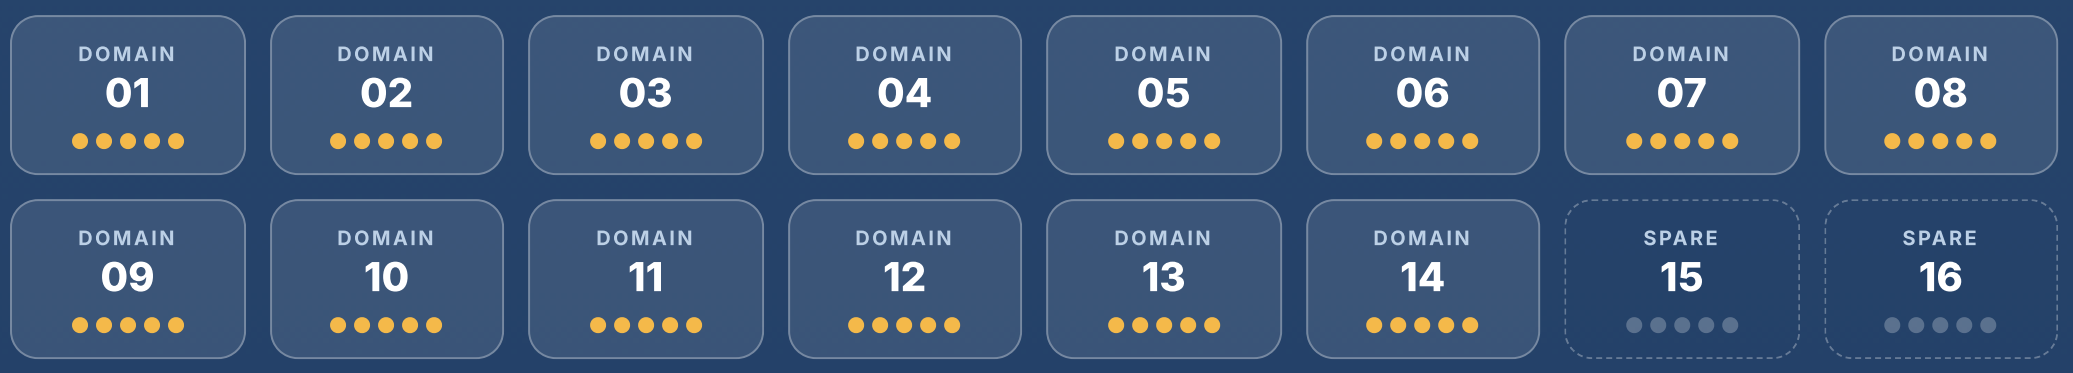

Warm-up running in the background

DAYS 1-2	**Kickoff and study**	One call. We learn your business.
DAYS 3-4	**Buy sending addresses**	About 16, separate from your main site.
DAYS 5-7	**Mailboxes and records**	About 80 mailboxes, set up one by one.
DAY 6 ON	**Warm-up begins**	Safe, slow, and never rushed.
DAYS 8-12	**Find your people**	Real people who work with buyers.
DAYS 11-16	**Double check leads**	A tool pass, then a person.
DAYS 13-17	**Write the emails**	You read and approve each one.
DAYS 18-19	**Test everything**	We fix problems before real sending.
DAY 20	**Go or no go**	We decide to launch together.

WHAT WE SET UP

Built for 30,000 emails a month.

Small, safe sends from many addresses. Never one pushed hard.

14 working addresses and 2 warm spares. 5 mailboxes each.

5 mailboxes × **20 a day** × **14 addresses** = **1,400 a day**

Weekdays only. About 30,000 a month, reaching 10,000 to 15,000 new people.

YOUR LEADS

Two checks. Then, and only then, an email.

1. **Find** — Real links to buyers
2. **Clean** — No duplicates or opt-outs
3. **Email** — Every address tested
4. **Business** — Real and active
5. **Person** — Right role, can decide
6. **Fit** — Proof they can bring buyers

Pass 1: tools · Pass 2: a person reads each one

Even a "yes" can be dropped.
No proof of fit, no meeting. Fewer people, all real.

Rules we follow: business contacts only, clear sender, easy opt-out. We never cold email everyday buyers.

THE EMAILS

Short. Plain. About them.

Example only

To: a Gold Coast mortgage broker

Subject: your clients buying new builds

Hi [First name],

We're a licensed Gold Coast agency. When your client buys a new build through us, we share up to half our commission with them. After settlement. Free to them.

Often $10,000 to $30,000 back. Worth a quick chat?

Cheers,
[Name], CashBack Realty

DAY 1 — **The offer**
Short, with one question.

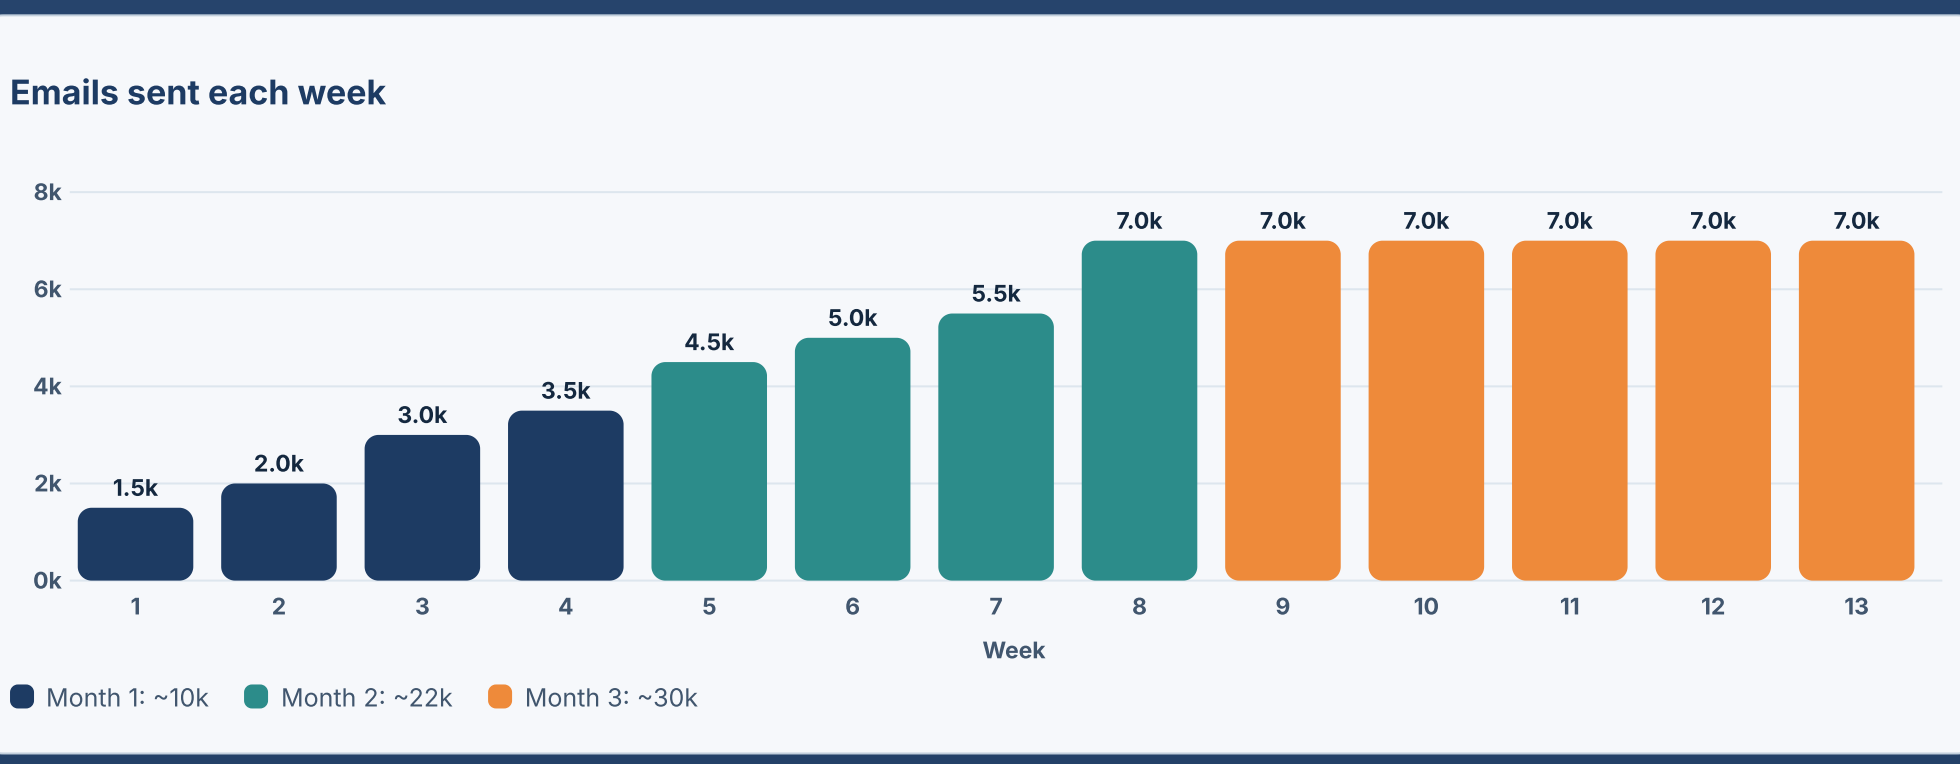

DAY 4 — **Something new**
A real example.

DAY 9 — **An easy exit**
A polite last note.

Many versions of every line, so no two inboxes match. You approve it all first.

LAUNCH

Slow first. Full pace when it's safe.

EVERY SINGLE DAY

We check it like a hawk.

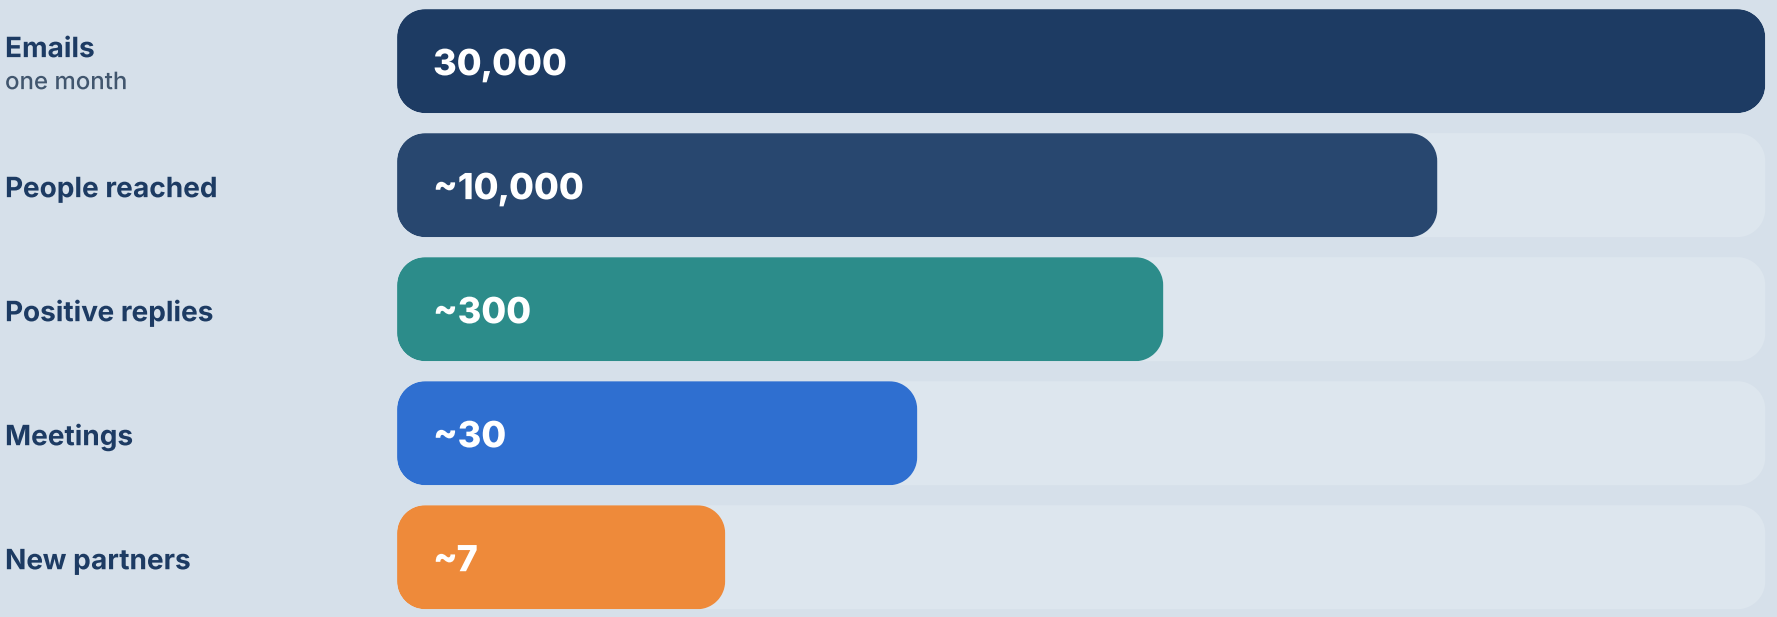

- Bounces
- Sending health
- Replies answered
- Opt-outs removed
- Spam signals
- On schedule

Our rule: if anything slips, we pause and fix it first.

FROM EMAIL TO PARTNER

What one careful month can become.

Worst case: only 1 in 100 emails gets a yes.

Every meeting comes with a brief EXAMPLE

Who	[Name], broker at [company]
Fit	Works with Gold Coast investors
They said	Interested in cashback
Ask them	"How many clients want new builds?"

AFTER THE MEETING

A meeting isn't a partner. Here's how it becomes one.

One page. Clear terms.

Project sheets
Match a client in a minute.

Easy introductions
One link. No forms.

Simple tracking
They see their buyers move.
